

PAYAL CHARVANDE

B.Tech Information Technology Student

Pune, Maharashtra | +91 8668924539 | payalrajput6126@gmail.com | [linkedin.com/in/payal-charvande](https://www.linkedin.com/in/payal-charvande) | github.com/payalrajput6126-byte

OBJECTIVE

Disciplined and detail-oriented B.Tech IT student with a strong foundation in computer engineering and hands-on experience building web and Java-based applications. Seeking an internship or entry-level opportunity to apply my skills in Java, C++, SQL, and web development to real-world engineering projects.

EDUCATION

B.Tech, Information Technology 2021 – 2025

Pimpri Chinchwad College of Engineering (PCCOE), Pune

Diploma, Computer Engineering 2021 – 2022

MIT College, Rotegaon — GPA: 89.03%

Secondary School Certificate (SSC) 2019 – 2020

New High School, Vajapur — GPA: 89.20%

TECHNICAL SKILLS

Programming Languages: C, C++, Java

Web Technologies: HTML, CSS, JavaScript

Databases: SQL, Firebase

Developer Tools: VS Code, Eclipse, IntelliJ IDEA

INTERNSHIP

AI/ML Intern — InternPe

- Contributed to applied machine-learning tasks as part of a remote internship program, gaining exposure to AI/ML workflows and practical model development.

PROJECTS

Smart Public Issue Reporting System *Flutter, Flask*

- Built a citizen-facing app with geotagging so users can report public issues — potholes, garbage, broken streetlights — with photos and GPS location.
- Implemented real-time status tracking and an admin panel for authorities to manage and resolve complaints.
- Aimed at improving communication between citizens and local government for faster issue resolution.

College Management System *Java, XML, Firebase*

- Developed a full system to manage student and administrative data, including student records and attendance tracking.
- Designed the frontend in Java and XML with Firebase as the backend for real-time data storage.

Krushi Seva Center Website *HTML, CSS, JavaScript*

- Designed and built a responsive website providing agricultural services and information to farmers.
- Focused on an accessible, user-friendly interface suited to a non-technical audience.

Tetris Game *Java*

- Developed a classic Tetris game with full game logic, scoring system, and interactive UI.
- Strengthened understanding of object-oriented programming and event-driven design.

CERTIFICATIONS

- Database Management System (DBMS) — Scaler, March 2026
- Full-Stack Development 101 — Simplilearn, January 2026
- Microsoft Power BI Certification — SkillCourse, January 2026
- BE10X Certification Program — Be10x, December 2025
- Introduction to C++ — Sololearn, August 2025
